BOMB OUTRAGE IN CHURCH CAUSES DISASTER

100 ARE DEAD,
2,000 INJURED IN
SOFIA CATHEDRAL

INFERNAL MACHINE EXPLODED
DURING FUNERAL
SERVICES

BURGOMASTER, MINISTER AND
FORMER MINISTER OF WAR
KILLED

(By United Press)
London, April 17.—One hundred are dead and 2,000 injured in Sofia as the result of the explosion of an infernal machine in the Cathedral yesterday during the funeral services for General Georgehief, conservative leader, according to the Exchange Telegraph Company Vienna correspondent.

Those who were killed include the burgomaster of Sofia and former Minister of War Nardeoff, while Premier Tsankoff and War Minister Kalkoff were injured. Many arrests have been made.

The bomb outrage in Sofia Cathedral intended to kill and wound many conservatives and government supporters gathered for the funeral services of General Georgehief, is believed part of a general revolutionary movement. An uprising was to have begun Wednesday, according to this belief, following assassination of Georgehief and King Boris. When the king escaped death on the highway outside Sofia, the revolution did not take place.

SKY RUNAWAY,

MANEUVERED SLOWLY OVER
PULHAM AIRDRONE IN PERFECT CONTROL

SPENT A PERILOUS NIGHT OVER
STORM-LASHED NORTH SEA

(By United Press)
London, April 17.—A runaway in the sky for more than 32 hours, the giant British dirigible R-33 returned to its base at Pulham at 2 o'clock this afternoon.

The airship, which was torn from its mooring mast shortly before 6 A. M. Thursday, maneuvered slowly over its air drome under perfect control this afternoon after having spent a perilous night over the storm-swept North Sea.

The pride of air-service officers in their dirigible was vindicated when its commander, who was on board with 19 men of the crew when the R-33 was swept away on a 50-mile gale, maneuvered through the long hours zigzagging against head winds and finally brought his craft home without assistance.

The R-33 was fastened to its mooring mast soon after its arrival at Pulham.

SHOWER OF ROSES
ON SOLONS FAIL TO
GET BILL PASSED

St. Paul, April 17.—House legislators got unearned roses last night at the expense of the beauty specialists of the Twin Cities.

A bill, backed by beauty organizations for the regulation of their business, was scheduled to come up for final passage.

So they turned out en masse, gowned, hair dressed and massaged to the top degree of their art, and crowded the galleries.

With them they brought 200 American Beauty roses, which were generously distributed among the legislators and house employees.

Then they sat back awaiting their triumph. All might have been well if two appropriation bills, totaling \$30,000,000, had not got in the way.

It was nearly 11:30 p. m. when the second of these was passed. By that time there was little interest in beauty culture.

But tonight—there may be roses again.

WOMEN WISH JOB OF
PUBLIC EXECUTIONER,
BUDAPEST, HUNGARY

(By United Press)
London, April 17.—Three women were among 500 applicants who answered the Hungarian government's advertisement to fill a vacancy in the office of public executioner, the Central News Budapest correspondent declared today.

One applicant, repatriated from the United States, claimed a leading part in 25 lynchings as qualifications.

P. S. She did not get the job.

(By United Press)
Austin, Minn., April 17.—Sir Larry O'Keefe, who leaps socially from a pig sticker to a baronet in a week, is ready to desert the stockyard district.

Home from the Twin Cities after a day of shopping, Sir Larry startled the native with a big sage green roadster with yellow wheels and a big headlight on each fender—one of the highest priced jobs in town—and he announced he had let a contract for a new home in Austin. "Nothing spectacular," said Sir Larry. "Just a nice, comfortable little place for about \$12,000."

Sir Larry inherited his title, a lot of County Mayo land and a castle and \$450,000 in cash from his grandfather, the 10th baronet. He will receive the inheritance the first of next month, he said.

"I wasn't going to pass up a good job until I was sure," said Sir Larry. He resigned from the packing house last week.

Later in the summer Sir Larry plans to sail for Ireland to view his domain. "The missus don't like to travel," he said, "so I'll go alone."

CHILD LABOR
MEASURE DIES

GOVERNOR SIGNS MEASURE RE-
JECTING AMENDMENT TO
CONSTITUTION

St. Paul, April 17.—Gov. Theodore Christianson yesterday signed the legislative resolution rejecting the federal child labor amendment.

Minnesota is the 13th state officially to reject the proposed amendment to the federal constitution, thus making its ratification impossible. It requires ratification by three-fourths of the states to become effective, or 36 states. As 13 states have now rejected it, the action of the remaining 35, even though all were favorable, would not be enough to adopt it.

BUCK O'CONNOR
TO FACE MURDER
CHARGE IN WADENA

BROUGHT FROM STILLWATER
PENITENTIARY, ACCUSED OF
KILLING JOHN GOINGS

BODY OF ALLEGED VICTIM WAS
FOUND PARTLY CONCEALED
UNDER CORN SHOCK

(By United Press)
Wadena, Minn., April 17.—Buck O'Connor was brought here today from Stillwater penitentiary to face a charge of first degree murder for the alleged killing of John Goings. He was to be arraigned at 2 P. M.

O'Connor was sentenced to Stillwater from Minneapolis for forging travelers' checks stolen from the dead man's body. A murder charge was filed as soon as Goings' body was found in a cornfield near Wadena. The Wadena county grand jury met this week and returned an indictment laying the murder to O'Connor.

Ollie Underwood, a fellow prisoner of O'Connor, told police that O'Connor had confessed to him the murder of Goings. Underwood related the alleged confession in return for promise of a light sentence.

Police at first did not believe and were not convinced of the murder until search finally revealed the body of Goings in the cornfield. In the meantime, O'Connor had been tried and sentenced to prison for forgery. Goings, a resident of Ohio, had been visiting a brother in Carrington, N. D., and was returning home last November 17th, when he disappeared. Developments show that he had picked up Buck O'Connor and a man named Edward Helm, who promised to buy gasoline for Goings' car and ride as far as Minneapolis. They were alleged to have killed him and obtained his car and valuables. Helm was last reported in a lumber camp in Winnor, Wis., but he has not been located by authorities. The murder trail was first picked up when police found Goings' sedan in Minneapolis covered with blood stains. A short time later O'Connor was arrested and charged with forgery. There was no conclusive evidence at that time that Goings was dead because his body had not been found. On January 29th the body was located in a cornfield on the farm of J. F. King, 14 miles from Wadena. It was partially concealed under a shock of corn, but the wind had moved the shock and W. W. King, a son of the owner of the farm, noticed a limb of the body protruding. The skull was crushed and pierced with bullets. The arms were tightly bound and there was a cord around the neck. Dr. J. J. McKinnon, Wadena county coroner, was called and declared the man had been dead about two months. A matchbox bearing the name of a Carrington, N. D., pool hall was found in the pocket and lead to the belief that the dead man was Goings. George Goings, a brother, identified the body the next day. O'Connor was arrested in Sioux City, Iowa, his home, for forging a traveler's check. He was brought back to Minnesota for trial.

County Attorney J. H. Mark of Wadena is prosecuting the case against O'Connor.

NORSE-AMERICAN
CENTENNIAL IS TO
BE CELEBRATED

AT MINNESOTA STATE FAIR
GROUNDS BETWEEN ST PAUL
AND MINNEAPOLIS

LARGEST GATHERING IN AMER-
ICA THIS YEAR EXPECTED
JUNE 6 TO 9

St. Paul, April 17.—The Norse-American Centennial celebration and exposition at the Minnesota state fair grounds, between St. Paul and Minneapolis, on June 6 to 9 will be the largest gathering in America in 1925.

Those in position to know are now variously estimating the attendance for the four days' celebration at from 250,000 to 500,000.

Prof. Gisle Bothne, dean of the Scandinavian department, University of Minnesota, who is general chairman of the Centennial committee, returned recently from a trip in Canada with information that between 30,000 and 60,000 Norse-Canadians and other Scandinavians will attend the celebration.

Special trains are being arranged for to carry crowds from all points of the compass at reduced rates. Automobile caravans also are being planned from many sections within reasonable driving distance of the Twin Cities.

A world's fair will virtually be crowded into the four days celebration. Four nations have officially recognized the affair—the United States, Dominion of Canada, Norway and Iceland. All will be officially represented.

President Calvin Coolidge will address the convocation on the afternoon of Monday, June 8. Six governors—all of Norse blood—will attend the same day. The evening will be known as "Governor's Night." Those expected to attend and make short addresses are: Governor Theodore Christianson of Minnesota; Governor John J. Blaine of Wisconsin; Governor Carl Gunderson of South Dakota; Governor Arthur G. Soble of North Dakota; Governor J. E. Erickson of Montana and Governor H. L. Whitfield, Mississippi.

The opening day, Saturday June 6, will be devoted to the national conventions of about 30 "Bygdels," organizations of Norse immigrants and their descendants from the various "bygds" or counties of Norway. These have memberships ranging from 300 to 5,000.

Sunday, June 7, will be devoted to religious services and concerts. Pastors of various denominations will preach and the music at these services will be rendered by some of the leading musical organizations of the country. The international famous Academic choir of 50 voices from Oslo, Norway, will be among them. The equally famous St. Olaf Lutheran choir of Northfield, Minn., the Luther College Band of 75 pieces from Decorah, Ia., the St. Olaf College band, Concordia College band and choir, Moorhead, Minn., Augsburg Seminary Chorus, Minneapolis and a male chorus of 500 or more voices from the Norwegian Singers Association will be presented. There will also be special concerts and free open air appearances of these musical organizations.

Antique Norse jewelry, woven tapestry, furniture, musical instruments, household utensils, needle arts and literature will be exhibited during the exposition. There will

STATE GOVERNMENT REORGANI-
ZATION BILL AGREED UPON
IN CONFERENCE

AFTER WEEKS OF WRANGLING,
MANY KNOTTY PROBLEMS
ARE SOLVED

(By United Press)
Legislature, St. Paul, April 17.—Today was a day of big accomplishments in the legislature.

After weeks of wrangling some of the most knotty problems of the session appeared to be solved.

The conference committee of both house and senate agreed on the state government reorganization plan in such form as will be acceptable to Governor Christianson and reported to their respective branches.

Governor Christianson received the gasoline tax and motor vehicles tax reduction bills which are ready for his signature.

Both measures were repassed by house and senate this morning after conference committee finally agreed on the provisions contained in them. It was announced in both chambers the governor would sign the bill today.

A general reduction of motor vehicles taxes from the 2.75 per cent of valuation to 2.4 per cent is provided. There is a minimum of \$10 tax on Class A automobiles and a minimum of \$12.50 tax on Class B automobiles.

The state highway department under provisions in the new law will receive annually a total of \$7,000,000 for the construction of new roads. This is approximately \$3,000,000 more than the highway department has received annually in the past for the same kind of construction work.

Senator A. J. Rockne finally caved in on his opposition to the reorganization bill. He made a strenuous fight to make the state board of control independent of the reorganization plan. As the committee reported, the board of control is virtually unhampered in its purchases of food and supplies. The state director of purchases will co-operate with rather than direct the board of control purchases.

POLITICAL CONVENTIONS
BILL KILLED IN HOUSE

St. Paul, April 17.—The political conventions bill was killed by the house elections committee of the legislature today. It provided for nomination of candidates for state office and for congressional seats by convention instead of primary.

The anti-vaccination bill was killed by the public health committee of the house. It provided that no one be required to be vaccinated against his or her will. The same committee killed another bill designed to prevent involuntary detention of persons in hospitals.

be 22 departments of exhibits, under the direction of Dr. Knut Gjerset, curator of the museum of Luther College, Decorah, Ia.

Norse history will be depicted in pageants, recitals and musicals. "America Day," Monday, will be featured by the appearance of 420 St. Paul school children in a living flag. There also will be an historical pageant showing the life of Norse pioneers in America during the last century and concluding with singing by several hundred persons taking part.

One of the spectacular features of the convocation will be the appearance here of the giant Navy department dirigible The Shenandoah—promised by Secretary of the Navy Wilbur—"If it can be arranged."

A fleet of airplanes is expected to fly over the fair ground on America Day from United States Army posts nearby.

It is likely that the 169th Aero Squadron, located at Fort Snelling, will participate in the airplane maneuvers.

AMERICAN STEAMER,

COLLIDE AT ASTORIA

(By United Press)
Portland, Ore., April 17.—The American intercoastal steamer Charles R. McCormick and the Japanese freighter Yoshida Maru No. 1 collided in the Columbia river off Astoria at 3 a. m. today, crushing in the bows of both vessels. A Japanese seaman in the forecastle of the latter steamer was reported seriously injured. According to a message received here by the federal wireless telegraph station, the forepeak of the McCormick was filled with water. The two disabled vessels were anchored off Astoria.

PERMIT MATTERS

J. A. BENNETT, ATTACHE GEN-

(By United Press)
Federal Court Room, Great Falls, Mont., April 17.—The government began to weave its web of evidence today connecting Senator Burton K. Wheeler with oil permit matters of his friend and client, Gordon Campbell, Montana oil man.

R. A. Bennett, attache of the General Land Office, was the first witness called in the trial of Senator Wheeler for alleged misuse of his office.

Bennett testified that Campbell had no interest in the Phil McGowan drilling permit. This is a permit Campbell obtained from the government to prospect for oil in Kevin-Sunburst field which is north of here, an area four times as large as Teapot Dome, Bennett said. The evidence will be made a basis of the government's charge that Senator Wheeler was to receive \$10,000 from Campbell for representing him before the interior department in connection with this and other permits.

WILL TACKLE MONETARY PROBLEM TO REJUVENATE THE FRANC

(By United Press)
Paris, April 17.—The Painleve cabinet is complete and the attention of France is focused upon Joseph Caillaux, the finance minister, who was exiled five years ago as a traitor and to whom the nation now looks for its financial difficulties to be solved.

Overshadowing interest on other features of the new ministry is the anticipation of the Caillaux program which will be made known soon after the cabinet is presented to the chamber of deputies on Monday. Caillaux has always opposed levy on capital which was the backbone—under the guise of a "voluntary loan"—one of the schemes which caused Herriot's downfall. Speaking to the radical socialist group of the chamber, however, Caillaux promised "a democratic solution of the problem involving a tax on capital, if necessary," but indicated he would aim rather at reduction of government expenses.

Hyacinth Philouze, financial expert, who is closest to the new ministry, said today:

"It is through a series of big financial operations that Caillaux will try to find a solution, including a methodical policy of novation of France's debts."

Caillaux intimated to the United Press that he would first tackle the monetary problem for the purpose of insuring healthiness of the treasury situation which he considers the best means of stabilizing the franc.

(By United Press)
Gary, Ind., April 17.—Cheerful after a night of normal sleep, Mrs. Anna Cunningham, 50, "poison widow" of Gary, Ind., today awaited the next step by the state.

State's Attorney A. A. Brenner said today he probably would arraign Mrs. Cunningham tomorrow on the charge of murder. Mrs. Cunningham has confessed to poisoning four of her children. Three of them died. In addition police are trying to determine whether her husband and another boy who died under mysterious circumstances also were poisoned.

BANKERS TAXES,
SULLIVAN AIDS

St. Paul, April 19.—Banks pay 12 per cent of all the taxes in Stillwater.

That was the statement of Sen. G. H. Sullivan, Stillwater, made during the senate debate on the bill to reduce bank taxes.

The bill was finally passed and bankers of the state won a victory. Under the act the assessment on bank stocks is reduced from 40 to 33 1-3 per cent.

The state tax commission opposed the bill on the ground that while it would relieve banks of the state of about \$412,000 a year in taxes it would add to the burden of other taxpayers.

The bill already has passed the house and now goes to the governor.

A hopeful sign. Once in a while you meet youngsters who are not ashamed of their parents.

(By United Press)
Wadena, Minn., April 17.—Buck O'Connor was brought here today from Stillwater penitentiary to face a charge of first degree murder for the alleged killing of John Goings. He was to be arraigned at 2 P. M.

O'Connor was sentenced to Stillwater from Minneapolis for forging travelers' checks stolen from the dead man's body. A murder charge was filed as soon as Goings' body was found in a cornfield near Wadena. The Wadena county grand jury met this week and returned an indictment laying the murder to O'Connor. Police at first did not believe and were not convinced of the murder until search finally revealed the body of Goings in the cornfield. In the meantime, O'Connor had been tried and sentenced to prison for forgery. Goings, a resident of Ohio, had been visiting a brother in Carrington, N. Developments show that he had picked up Buck O'Connor and a man named Edward Helm, who promised to buy gasoline for Goings' car and ride as far as Minneapolis. They were alleged to have killed him and obtained his car and valuables. Helm was last reported in a lumber camp in Winnor, Wis., but he has not been located by authorities. The murder trail was first picked up when police found Goings' sedan in Minneapolis covered with blood stains. A short time later O'Connor was arrested and charged with forgery. There was no conclusive evidence at that time that Goings was dead because his body had not been found. On January 29th the body was located in a cornfield on the farm of J. F. St. Paul, April 17.—The Norse-American Centennial celebration and exposition at the Minnesota state fair grounds, between St. Paul and Minneapolis, on June 6 to 9 will be the largest gathering in America in 1925.

Those in position to know are now variously estimating the attendance for the four days' celebration at from 250,000 to 500,000.

Prof. Gisle Bothne, dean of the Scandinavian department, University of Minnesota, who is general chairman of the Centennial committee, returned recently from a trip in Canada with information that between 30,000 and 60,000 Norse-Canadians and other Canadians will attend the celebration.

**STATE GOVERNMENT REORGANI-
ZATION BILL AGREED UPON
IN CONFERENCE**

**AFTER WEEKS OF WRANGLING,
MANY KNOTTY PROBLEMS
ARE SOLVED**

(By United Press)
Legislature, St. Paul, April 17.—Today was a day of big accomplishments in the legislature.

After weeks of wrangling some of the most knotty problems of the session appeared to be solved.

The conference committee of both house and senate agreed on the state government reorganization plan in such form as will be acceptable to Governor Christianson and reported to their respective branches.

Governor Christianson received the gasoline tax and motor vehicles tax reduction bills which are ready for his signature.

Both measures were repassed by house and senate this morning after conference committee finally agreed on the provisions contained in them. It was announced in both chambers the governor would sign the bill today.

A general reduction of motor vehicles taxes from the 2.75 per cent of valuation to 2.4 per cent is provided. There is a minimum of \$10 tax on Class A automobiles and a minimum of \$12.50 tax on Class B automobiles.

The state highway department under provisions in the new law will receive annually a total of \$7,000,000 for the construction of new roads. This is approximately \$3,000,000 more than the highway department has received annually in the past for the same kind of construction work.

Senator A. J. Rockne finally caved in on his opposition to the reorganization bill. He made a strenuous fight to make the state board of control independent of the reorganization plan. As the committee reported, the board of control is virtually unhampered in its purchases of food and supplies. The state director of purchases will co-operate with rather than direct the board of control purchases.

**POLITICAL CONVENTIONS
BILL KILLED IN HOUSE**

St. Paul, April 17.—The political conventions bill was killed by the house elections committee of the legislature today. It provided for nomination of candidates for state office and for congressional seats by convention instead of primary.

The anti-vaccination bill was killed by the public health committee of the house. It provided that no one be required to be vaccinated against his or her will. The same committee killed another bill designed to prevent involuntary detention of persons in hospitals.

be 22 departments of exhibits, under the direction of Dr. Knut Gjerset, curator of the museum of Luther College, Decorah, Ia.

Norse history will be depicted in pageants, recitals and musicals. "America Day," Monday, will be featured by the appearance of 420 St. Paul school children in a living flag. There also will be an historical pageant showing the life of Norse pioneers in America during the last century and concluding with singing by several hundred persons taking part.

One of the spectacular features of the convocation will be the appearance here of the giant Navy department dirigible The Shenandoah—promised by Secretary of the Navy Wilbur—"If it can be arranged."

A fleet of airplanes is expected to fly over the fair ground on America Day from United States Army posts nearby.

It is likely that the 169th Aero Squadron, located at Fort Snelling, will participate in the airplane maneuvers.

**AMERICAN STEAMER,
JAPANESE FREIGHTER
COLLIDE AT ASTORIA**

(By United Press)
Portland, Ore., April 17.—The American intercoastal steamer Charles R. McCormick and the Japanese freighter Yoshida Maru No. 1 collided in the Columbia river off Astoria at 3 a. m. today, crushing in the bows of both vessels. A Japanese seaman in the forecabin of the latter steamer was reported seriously injured. According to a message received here by the federal wireless telegraph station, the forepeak of the McCormick was filled with water. The two disabled vessels were anchored off Astoria.

**GOVERNMENT NOW
WEAVES ITS NET
OF EVIDENCE**

**ENDEAVORS TO CONNECT SENA-
TOR WHEELER WITH OIL
PERMIT MATTERS**

**J. A. BENNETT, ATTACHE GEN-
ERAL LAND OFFICE, IS FIRST
WITNESS CALLED**

(By United Press)
Federal Court Room, Great Falls, Mont., April 17.—The government began to weave its web of evidence today connecting Senator Burton K. Wheeler with oil permit matters of his friend and client, Gordon Campbell, Montana oil man.

R. A. Bennett, attache of the General Land Office, was the first witness called in the trial of Senator Wheeler for alleged misuse of his office.

Bennett testified that Campbell had no interest in the Phil McGowan drilling permit. This is a permit Campbell obtained from the government to prospect for oil in Kevin-Sunburst field which is north of here, an area four times as large as Teapot Dome, Bennett said. The evidence will be made a basis of the government's charge that Senator Wheeler was to receive \$10,000 from Campbell for representing him before the interior department in connection with this and other permits.

**CHARGES SALE OF
SHIPS MUDDLED**

**U. S. SHIPPING BOARD FILES A
BRIEF ACCUSING PACIFIC
MAIL STEAMSHIP CO.**

(By United Press)
Washington, April 17.—The United States shipping board in a brief filed in the District of Columbia court today accused the Pacific Mail Steamship Company of deliberately muddling the sale of the five president-type liners to the Dollar Lines. The Pacific Company's purpose, the board charged, was to continue its "very profitable and lucrative" arrangement with the board as operator of the five ships which would be lost to it by consummation of the sale.

**A DICTIONARY OF
AMERICAN ENGLISH**

A comprehensive study of the English language in America, the result to be the first "Dictionary of American English," will be undertaken by the University of Chicago. The proposed undertaking will include a study of American dialects and their sources and the effect of immigration upon the language. The work will involve vast research by a large staff and will require at least 10 years for completion.—School Life.

**EXILED 5 YEARS
AGO, MAY BECOME
SAVIOUR OF FRANCE**

**PAINLEVE CABINET COMPLETE
AND INTEREST CENTERS
ON CAILLAUX**

WILL TACKLE MONETARY PROBLEM TO REJUVENATE THE FRANC

(By United Press)
Paris, April 17.—The Painleve cabinet is complete and the attention of France is focused upon Joseph Caillaux, the finance minister, who was exiled five years ago as a traitor and to whom the nation now looks for its financial difficulties to be solved.

Overshadowing interest on other features of the new ministry is the anticipation of the Caillaux program which will be made known soon after the cabinet is presented to the chamber of deputies on Monday. Caillaux has always opposed levy on capital which was the backbone—under the guise of a "voluntary loan"—one of the schemes which caused Herriot's downfall. Speaking to the radical socialist group of the chamber, however, Caillaux promised "a democratic solution of the problem involving a tax on capital, if necessary," but indicated he would aim rather at reduction of government expenses.

Hyacinth Philouze, financial expert, who is closest to the new ministry, said today: "It is through a series of big financial operations that Caillaux will try to find a solution, including a methodical policy of novation of France's debts."

Caillaux intimated to the United Press that he would first tackle the monetary problem for the purpose of insuring healthiness of the treasury situation which he considers the best means of stabilizing the franc.

**CHEERFUL AFTER
NIGHT'S SLEEP**

**MRS. ANNA CUNNINGHAM, "POI-
SON WIDOW," AWAITS NEXT
STEP OF STATE**

(By United Press)
Gary, Ind., April 17.—Cheerful after a night of normal sleep, Mrs. Anna Cunningham, 50, "poison widow" of Gary, Ind., today awaited the next step by the state.

State's Attorney A. A. Brenner said today he probably would arraign Mrs. Cunningham tomorrow on the charge of murder. Mrs. Cunningham has confessed to poisoning four of her children. Three of them died. In addition police are trying to determine whether her husband and another boy who died under mysterious circumstances also were poisoned.

**BANKERS TAXES,
SULLIVAN AIDS**

St. Paul, April 19.—Banks pay 12 per cent of all the taxes in Stillwater.

That was the statement of Sen. G. H. Sullivan, Stillwater, made during the senate debate on the bill to reduce bank taxes.

The bill was finally passed and bankers of the state won a victory. Under the act the assessment on bank stocks is reduced from 40 to 33 1-3 per cent.

The state tax commission opposed the bill on the ground that while it would relieve banks of the state of about \$412,000 a year in taxes it would add to the burden of other taxpayers.

The bill already has passed the house and now goes to the governor.

A hopeful sign. Once in a while you meet youngsters who are not ashamed of their parents.

EASTERN STAR

SOCIAL CLUB

Will Give Private Dancing Party for Members and Escorts on Monday Evening

HEDSTROM ORCHESTRA PLAYS

Cards for Those Who do Not Wish to Dance, Refreshments to be Served

The Eastern Star Social Club will hold its next regular meeting on Monday night, April 20th, which will be in the form of a private dancing party for members and their escorts.

Hedstrom's orchestra will furnish the music and has promised a very snappy program. Several new numbers are to be introduced. There will be cards for those who do not care to dance. Refreshments will be served.

The men of the club are entertaining at this dance. R. L. Geist heads the committee in charge, and this committee will consist of every man who attends the party. Each will be expected to see that the ladies, who are the guests, are given a most enjoyable evening.

At the last meeting of the club the ladies entertained at cards, setting a high mark in furnishing a delightful social event. The men will find it difficult to compete with this affair, but will do their best to reciprocate in some measure.

All members of the Order of the Eastern Star are eligible to attend Monday evening's dancing party. Husbands and escorts who may not belong to the order are also eligible, and are given a special invitation. There was some misunderstanding about this matter at the last social evening, and the committee wishes to make it plain at this time, so that no one will be kept away who is eligible.

It is hoped that there will be a large attendance at this party, and that it will be one of the outstanding social events of the club's spring season.

NORSE CENTENNIAL SPEAKER

Mrs. Ingolf Kielland to Speak at Bethlehem Lutheran Church on Friday Evening

Mrs. Ingolf Kielland, of St. Paul, will lecture at the Bethlehem Lutheran church on this Friday evening, April 17th, at 8 o'clock, under the auspices of the local Sons of Norway lodge.

The speaker comes to Brainerd in the interests of the Norse centennial, to be held at the Minnesota state fair grounds June 6th to 9th. This is to be the largest gathering of its kind ever held in the Northwest. Other speakers are being sent out on a similar expedition as that of Mrs. Kielland, to arouse interest in the centennial.

Mrs. Kielland will have some very interesting messages for her hearers, and the public is urged to be present on Friday evening. The lecture will be in English and is entirely free. A large audience is expected.

MRS. JOHN F. SUNDBERG DIED

Heard Two-Hour Test Program. Broadcast to Reach Australia

WCCO HEARD PLAINLY

Henri Verbrugghen, Director of Minneapolis Symphony, Makes Address

Several Brainerd Radio enthusiasts proved themselves real fans by getting out of bed at three o'clock Thursday morning to hear a two-hour test program, broadcast from several stations in the hope of reaching Australia.

The stations heard in Brainerd on this test included WCCO, of St. Paul; Minneapolis, WCO of Davenport, KDKA of Pittsburgh, and stations at Chicago and Cincinnati.

The program broadcast from WCCO was of special interest to local people, since Miss Gilman, who has many friends in Brainerd, presided at the piano.

Henri Verbrugghen, director of the Minneapolis Symphony Orchestra, whose son is in Sydney, Australia, and who has many friends on that continent, made a short radio address which he hoped would be heard half way around the earth.

Sydney, Australia is approximately 8,500 miles from New York, and when the broadcasting started it was 3 o'clock in the central part of the United States, and about 7:30 o'clock in the evening at Sydney.

The programs broadcast at that time are said to have been of an exceptionally fine character, and were heard in Brainerd with practically no interference.

The Cincinnati station showed its

patriotism by opening its program with "The Star Spangled Banner."

Nilsson Discovers Ideal Hair Recipe

If Anna Q. Nilsson, the noted Paramount actress, had any business ambitions, she would patent this formula, abandon her motion picture career and open a beauty shop.

It's a recipe for making the hair grow! Miss Nilsson believes that it will prove a boon to the millions of foolish flappers, middle-aged matrons and giddy grandmothers who succumbed to the fashionable bobbed hair and now, with long hair coming back into vogue, would give

anything for the tresses they left on the barber shop floor.

Miss Nilsson has the leading feminine role in "The Top of the World," showing at the New Park on Sunday and Monday.

"THERE'S the ham I want—Decker's Iowa. No use serving any other at our house."

Such ham—no description could do its sweet, mild-cure flavor justice. You simply "love" it, that's all.

But consider the source of this tender, finely grained ham. The Deckers choose only one superior type of Iowa corn-fed porkers for Iowa Hams and Bacon. For 200 years the Deckers have been mastering the art of curing and smoking hams and bacon. Do you wonder that "The Taste Is So Good?"

Main Street Owns the Oil

NOT LONG AGO, somebody made a play upon words by saying that "Main Street, not Wall Street, now owns the big industries." The observation was more accurate than its maker supposed.

The Standard Oil Company (Indiana) belongs to nearly 11 times as many stockholders in 1925 as in 1919. There are at present 49,277 owners of this Company, of whom not one owns as much as 6% of the whole. 15,264 of these owners are employees of the Company. It is the earnest desire of the Management of this organization that the number of stockholders in the future will multiply in considerably more than direct ratio to the growth of the Company.

It is to the advantage of the public that ownership of the Standard Oil Company (Indiana) steadily becomes more deeply rooted and more widely spread among the people as a whole.

It is to the advantage of society that customers, stockholders and employees should cease to be three separate groups with distinct interests in oil matters, and with frequently divergent viewpoints.

At the present time, thousands of people are at once patrons and employees of, and investors in, this great Company. This joint interest and ownership are giving a steadily increasing firmness and dependability to the service which this organization renders the public.

Much of the efficiency of the Standard Oil Company (Indiana)—much of its smooth functioning, its avoidance of labor difficulties, its freedom to adopt progressive methods—are due to the fact that Main Street owns the Company's oil; Main Street refines and distributes this oil, and Main Street uses the oil products. This organization is essentially democratic. It is financed by the people, operated by the people, and patronized by the people.

The Standard Oil Company (Indiana) in ownership, management, labor and patronage, is an integral part of modern American civilization—its products enter into the very texture of our daily life. When, therefore, we speak of the service of this organization to the public, we are speaking of something which is fundamental to society.

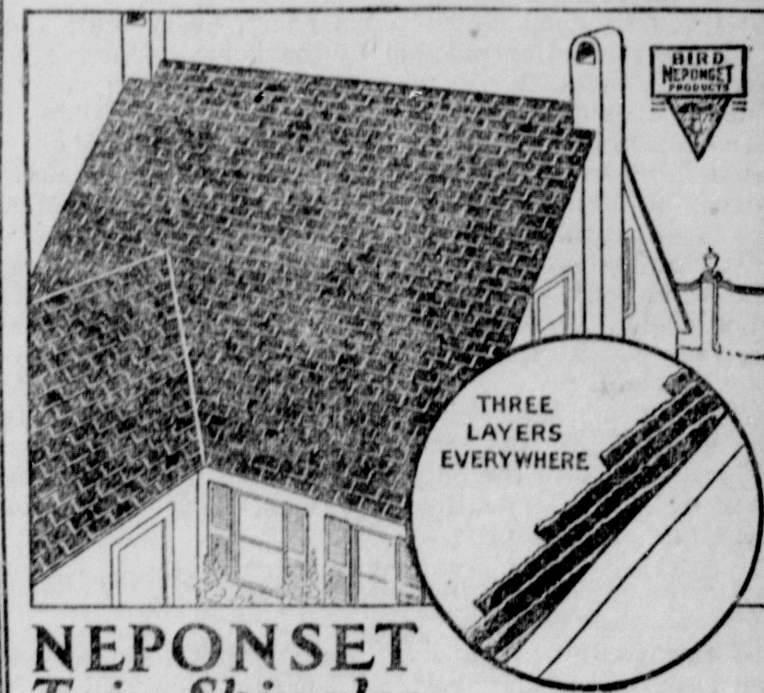

Especially does this apply to the ten Middle Western States in which this Company operates—and in which it has operated in such a manner as to have gained the respect, confidence and esteem of thirty million people.

THREE CITY DEVELOPING FORCES

THREE forces are particularly active just now in developing our city. They represent the moral, the aesthetic and the financial. While widely separated in their primary objects, yet the aim of each is to improve Brainerd. Neither can succeed without the other. Each one can be entered into heartily to the extent of every citizen's ability and Brainerd will succeed just to the extent that these forces are developed.

First, is the Boy Scout drive. This makes for character. The fact that busy business and professional men are behind the movement and that people in every walk of life are contributing, shows a fine appreciation of this character building organization and something of the type of leaders Brainerd has. And the drive is succeeding splendidly.

Second, is the splendid showing made in improving the appearance of Brainerd by the growing of flowers and shrubbery. The human family loves beauty. It loves to dwell amidst it and it lives better lives among nature's rich gift of flowers and shrubs and trees. Again busy men and women have unselfishly dedicated themselves to making Brainerd blossom.

Third, is the trade in Brainerd campaign. A small group of earnest men have determined that residents of Brainerd shall see the folly of sending any business out of the city which can be cared for in Brainerd. The first two can only succeed by the success of the third. It largely furnishes the money necessary to the success of the first two. These men concerned in this movement are, too, rendering a great service. We need the success of all three movements. There is not a citizen who can afford to withhold support.

THE FLAPPER SETS THE STYLES

THE flapper's spirit of independence is reflected in the styles she favors. When she first rolled her stockings adults had a general opinion that the world was going to the dogs. It is now no longer a shock to see such stockings. In fact, the mills are now knitting stockings that not only do not need garters, but which fit without being rolled.

The flapper bobbed her hair and her mother and grandmother followed her example. Bobbed hair has now gone through all the stages of being shocking, of being novel, of being a great topic of conversation, and of now being so commonplace that people have quit talking about it.

The flapper went on a corset strike and revolutionized the business. Corset makers, this spring of 1925, are changing their styles. The keynote is comfort, as demanded and obtained by the flappers who went on a corset strike.

The flapper has made the boyish dress the prevailing style. Its simplicity is influencing many garments. The natural waistline has re-appeared, because the flapper has been insisting on this waistline by wearing her belts there since a year ago last summer.

And now the latest fad is to wear her hat on the back of her head, for the simple reason that it is much easier to see with her hat that way. This fashion, too, will sweep the world.

THE WOMEN'S WORLD'S FAIR

THE Women's World's Fair at Chicago was inaugurated to show men the real meaning of progress. Concrete evidence is there at hand to show that no business, profession or industry is sacred to mere man.

Of course, deep down in his heart, every man knows that his wife is the better member of the home partnership. She is better on finances, in planning a home budget, in passing on investments after they have been made by Friend Hubby, in choosing the colors in wall paper, in matching the furniture with the aforesaid paper, in making up a dinner menu, in dressing the children, in taking care of the sick in the household and in a hundred other ways.

It requires no Women's World's Fair to bring these things to the mind of Pa. Just let Ma get sick and have Pa try to run the household. He realizes that there is an eternal drudgery about housework which surely needs all the modern appliances to make things pleasant.

The Chicago exposition reveals lady governors, lady plumbers, writers, politicians, manufacturers, miners, beauty culturists, etc., etc. But in all the publicity accorded the fair, we fail to see how many men attended the exposition. It is well termed a fair, for the fair are in charge.

OLD AGE SCORES

THIS "youth" propaganda, that all initiative, all energy, all enthusiasm, was youth's rightful heritage, this west of the water tower or tank publicity, received a tremendous shock when Grandpa Stanislaus Zbysko, age 58 and bald-headed as a billiard ball, defeated 29-year-old Wayne (Big) Munn, in two straight falls.

We take off our hat to the man whose name always stamps our typewriter and causes us to slow up on the bunch of consonants. The Pole out-guessed and out-generated the younger man, almost twice his size.

Wrestling is the most strenuous game known. It calls into play more muscles than baseball, hockey, golf or polo. It requires continuous exertion, ready and responsive muscles, an active and clear brain, much reserve power, a determined will and a fighting heart. We are glad to see that age 58, when well preserved, can summon all these wonderful qualities.

CLIMATE is a fragile thing, but it forms the chief foundation of Florida's prosperity. The thing for Minnesota to do is to divert the millionaire travel of the Florida resorts to our 10,000 lakes during our summer period.

PAINTING up and cleaning up is something that should not be confined to just a week in springtime. It's good, all-the-year-round propaganda.

KING BORIS of Bulgaria showed he wasn't chicken-hearted, when he led a counter attack against assassins who fired on him in ambush.

It pays to put up a good front, whether it's one of clothes or of building materials.

LOW PRICE

Wide doors, both front and rear, and plenty of leg-room for all passengers, give this Hupmobile Club Sedan a full measure of comfort most unusual in this body type.

Yet the price is so low that everyone who can afford an open car will find this popular closed model within his buying ability. Many standard improvements increase the desirability of the Club Sedan. Duco,

the lustrous finish that improves with age, in either blue or beige; nickel radiator; cowl lamps; unusually large trunk at the rear; balloon tires and natural wood or disc wheels at nominal extra cost.

The Club Sedan offers you Hupmobile's superior chassis performance and long life, plus closed car advantages, at a price that makes it one of the real motor car opportunities of the time.

GLOBE TROTTERS TELL EXPERIENCES

E. O. Webb, F. W. Wieland and Ernie Butler Relate Visits at Rotary Clubs in South and West

KARL HOORN'S SCOUT VISIT

"On to Hibbing" Committee Reports 25 Members Signed up to Attend District Conference

The last meeting of the Rotary club was a notable one and resolved itself primarily into reports from the three globe-trotting members, E. O. Webb, F. W. Wieland and Ernie Butler who told of their experiences in visiting Rotary clubs in the South and West.

E. O. Webb said the real estate boom of Florida quite overpowered them. St. Petersburg, Fla., Rotary had many visitors present in the season. The Washington, D. C., Rotarians listened to a notable address by the publisher of the National Geographic magazine.

F. W. Wieland, during his nine weeks' absence, attended two Rotary meetings at St. Paul and two at St. Petersburg. The St. Petersburg meeting was unique, the club of 70 entertaining 179 visitors. They put on fine programs, for they had a wealth of visiting material to draw on. Speakers included the editor of the Philadelphia Ledger and a prominent Boston attorney.

Ernie Butler attended five meetings in Hoquiam and Aberdeen, Washington, Los Angeles, etc. The English fleet was inspected by Rotarians, who were accorded special courtesies by the sailors. At Los Angeles club visitors outnumbered local members two to one. The club there donated \$1,000 for tornado relief. At San Diego the entrance of the battleship fleet and auxiliaries, 114 ships and an equal number of airplanes, caused the Rotary club to adjourn in a hurry to see the spectacle. In all his visits, said Mr. Butler, he noted that Brainerd club generated just as much enthusiasm and as peppy programs as any of the clubs visited.

Dr. Karl Hoorn gave the highlights of the Boy Scout regional meeting that he attended at Minneapolis. There were nine delegates from this section. The speakers included Rotary Governor Eddy Flynn, Governor Christanson and Chief West of the Boy Scouts. It was a meeting which engendered much enthusiasm.

Walter Cobban spoke on "Insurance Adjustment." He spoke of adjustment, that of an adjuster for the insured, explained an insurance policy and the necessity for being familiar with its contents. The gradual increase in labor and material has greatly added to the value of homes and it is incumbent on every home or other building owner to have the same valued at today's prices by a competent builder. He also advised taking an inventory of one's furniture and keeping the same for reference. For some 30 years he has adjusted losses for insurance companies and later entered the business of adjusting losses for the insured.

The "On to Hibbing" committee, William V. Turcotte chairman, reported on 23 signed up to go and prospects good for enrolling 25.

Walter F. Wieland and Mons Mahlum reported on the organization of the new Rotary club at St. Cloud, where 22 were enrolled and others had made application. The club meets Wednesdays at the Breen Hotel.

At last week's meeting Miss Georgia Drexler, who was home from St. Olaf college for the Easter vacation, sang several splendid solos. She

was accompanied on the piano by her sister, Miss Effie Drexler.

Joe Cibazar, Bob Campbell and Henry Hoffman each had five minutes to talk on the effect of Christianity in business. Al Ebert, continuing the Better Business Methods series, spoke on "The Value of Cleanliness." Dr. R. A. Beise reported that as a result of the "Beautifying Brainerd" drive, orders have been placed for over 24,000 gladioli bulbs, at twelve blossoms to the bulb.

To brace up attendance at Brainerd Rotary, a "special" auto will run to Staples where delinquents can make up their Brainerd attendance.

EARL SANDE LOOKING FOR JOB; IN CONDITION

Baltimore, Md., April 16.—Earl Sande, America's premier jockey, has severed his connection with Rancocas stable of Harry Sinclair and will operate this year as a free lance, it was learned from a reliable source.

The jockey said a few days ago that he was in condition to ride again and that he expected to "have a leg up on something at Jamaica if I'm offered a mount."

Brainerd, Minn., April 17, 1925.

NOTICE TO CONTRACTORS

Sealed bids will be received by the City Council of the City of Brainerd until 8 P. M. on the Fourth day of May, 1925, for constructing concrete sidewalks, curbing and paving in said city, as stated in a resolution adopted April 6th, 1925, in accordance with plans and specifications on file in the office of the City Clerk of Brainerd. The location of the proposed work is as follows:

Paving: North and South Fourth Street from Front Street to Laurel Street.
Curbing: South Fourth Street, from Front Street to Laurel Street.

North Eighth Street, from Kingwood Street to North Bluff Avenue, along center boulevard.
North Sixth Street from Main Street to Juniper Street along center boulevard.
Sidewalk: Lots 12 and 13, Block 140, Original Town of Brainerd.
Lot 12, Block 110, Original Town of Brainerd.
Lot 9, Block 218, Original Town of Brainerd.
Lots 1-20, Block 2, Terrace Park Addition.
Portion of N. E. 1/4 of S. E. 1/4, Section 24, Range 31 West, Township 45 North.

The approximate amount of quantities involved are as follows:
3100 sq. yds. of paving,
1000 cu. yds. of grading,
5040 lin. ft. of curbing,
550 lin. ft. of sidewalk—6 ft. in width,
800 lin. ft. of sidewalk—4 ft. in width.

All bids must be made on blank forms furnished by the City, and each bid must be accompanied by a certified check payable to the City Treasurer of the City of Brainerd for at least five per cent (5%) of the total amount bid.

Plans and specifications may be seen and blank forms of proposal obtained at the office of the City Engineer of the City of Brainerd.

The right to reject any or all bids is reserved by the City Council.

By order of the City Council,
R. T. CAMPBELL,
City Engineer.

Mrs. Dorothy Richards, Cleveland, O., medalist in the state women's golf championship tourney here, made a decided stride toward the title today by defeating Mrs. E. A. La Fleur of San Francisco 7 and 6 in the first round of match play. Miss Richards is favored to win the tournament.

Soft lovely skin ruined by constipation—let Kellogg's ALL-BRAN bring sure relief

You can permanently rid your system of this harrowing disease.

Constipation leaves its marks upon the face. Its terrible poisons, which lead to over forty serious diseases, cause pimples, hollow cheeks, sallow skin, circles under the eyes and spots before them. Unpleasant breath, too, may be traced to constipation.

Rid your body of this frightful disease. Kellogg's ALL-BRAN has brought health to thousands when all else has failed. The reason—it is ALL-BRAN and nothing but ALL-BRAN. That is why its results are sure. That is why doctors recommend it. It takes ALL-BRAN to be wholly effective.

Try it! If eaten regularly, Kellogg's ALL-BRAN is guaranteed to bring permanent relief in the most chronic cases or your grocer returns the purchase price.

Eat two tablespoonfuls daily—in chronic cases, with every meal. You will like its nut-like flavor. Try the recipes on every package. Sprinkle it over other cereals.

Kellogg's ALL-BRAN is made in Battle Creek, Michigan, and served by leading hotels and restaurants everywhere. Sold by all grocers. Buy a package today.

BRAINERD BAND TO
HEAD THE ELKS

Parade Scheduled at 7 O'clock This
Evening, Headed by the Municip-
al Organization

R. W. HILLER IS DIRECTOR

Andy Anderson is Business Manager,
Proffer of Band Gladly Accept-
ed by the Elks

Tonight there is to be another
parade in the interests of the Elks
Kermess. Many from the Range
towns of Crosby, Ironton, Deerwood,
Trommald, Cuyuna, are expected.
The parade of local and out of town
Elks and the Mexican Senoritas too,
if it's not too cold, will be led by the
Brainerd Municipal band. All tak-
ing part will meet promptly at 7 o'
clock this evening at the Elks Ker-
mess doors.

It is expected to have some red fir
on hand and give the marchers and
the band a Kermess setting pleasing
to all beholders. R. W. Hiller, of
the Lyceum theatre, is the able di-
rector of the Brainerd Municipal
band and Andy Anderson is the ef-
ficient business manager. It is due to
these musicians and the cooperation
of all their brother musicians, that
the Elks Kermess is able to featur-
such an attraction in the parade.

After a short march through the
business district, the parade will dis-
band at the Kermess doors. For Sat-
urday night, closing night of the
Kermess, a large Minneapolis dele-
gation will be present and the pa-
rade that night will be headed by the
Brainerd Ladies band in their first
appearance as a marching organiza-
tion.

Make it a point to be down town
early tonight and tomorrow night
both parades will be well worth see-
ing.

KAPPA DELPHIANS

Chapter Discussed "Early Rome" at
the Home of Mrs. R.
Strader

(Contributed)

The Kappa Delphian chapter met
with Mrs. R. Strader last Tuesday
evening to discuss "Early Rome."

In the absence of the appointed
leader, the president, Miss Scott, in-
vited Mrs. Strader to take the chair,
to which she responded in true Del-
phian manner and at the same time
demonstrated her careful prepara-
tion of the subject matter under dis-
cussion.

The research material furnished
by the Delphian society contains the
recent findings of archaeologists and
thus the study of ancient history is
ever new rather than "review".

The members giving the text re-
ports of early Rome agreed that this
particular study was quite difficult
because of new material introduced.

The historic period to be discussed
at the next meeting covers history
from the beginning of the Punic
wars to Rome's downfall. This is
more familiar ground and the proper
names not so difficult to recall.

Mrs. A. K. Cohen will be the leader
April 28. The following assign-
ments will cover the text material.

The Punic Wars—Mrs. Gaskill.
Roman Conquests in the East—
Mrs. Lammon.

Results of Conquest—Mrs. McKay.
The Careers of the Gracchi—Mrs.
Murphy.

Marius and Sulla—Mrs. Moulster.

Gentlemen:

On Monday March 23, I sent you
one dollar for which you was to send
me one bottle of Skauges Stomach
Remedy, and I received the bottle
yesterday, but it was all smashed and
all the medicine had run out.

I saw the post master at Osakis
about it today, and he said that I
should write to you people, as he said
it had not been properly wrapped,
and the post master at Brainerd
should not have accepted same.

Now I am a poor man and I do not
like to pay for that bottle twice, but
I need the medicine very bad so
please send me another bottle.

It is the only medicine that has
helped me, I have suffered with
stomach trouble for a number of
years.

You may use this letter that I am
writing you, as your medicine sure
have done wonders for me, I have
also told others about it, and will
continue to do so.

I remain,

Yours very truly,

FOUR BIG ACTS VAUDEVILLE

At New Park Saturday With Feature
Picture, "The Spider And The
Rose"

The New Park will present four
big vaudeville acts and the feature
picture "The Spider and the Rose"
with Robert McKin, Alice Lake,
Louise Frezenda and Noah Beery on
Saturday matinee and night. A
short description of acts to be pre-
sented are as follows:

The Czigane Troupe "A Character
Dance Presentation From Romya
Land." The Czigane Troupe is a
cathode of high class melody and
"ance. It is a flashy revue with
beautiful costumes and scenery. The
epischeorean numbers are little
short of being marvelous. It is an
act that will prove highly entertain-
ing and will please the most fastidi-
ous.

Sam Milton & Marvel Graham in
"Turn to the Left." Milton and Gra-
ham are an ideal vaudeville act. In
presenting their comedy offering
"Turn to the Left" they've presented
something new and novel that is
bound to create a great deal of
musement. Their dialogue is full
of laughs and hits solidly in scoring
with the audience.

Kelly and Wise in "Back Fire."
"Back Fire" in which a broken-down
automobile furnishes material for
much argument between Kelly and
Wise, is a cute little act that the
audience will enjoy immensely. The
girl of this happy duo is a graceful,
clever, little comedienne while her
male partner acts as her foil.

Mons Herbert in "The Musical
Waiter." Mons Herbert "The Musi-
cal Waiter" presents for the first
time in American vaudeville, his
musical novelty act. Mons Herbert's
offering is away from the beaten
path of musical acts and is most
unique in nature. His act is bound
to entertain any audience.

SISTERS ATTEND
ST. CLOUD MEETING

Local Benedictine Sisters Attend
North Dakota and Minnesota
Catholic Hospital Association

AT ACADEMY AT ST JOSEPH

Father Moulmier S. J. Inspects St.
Joseph's Hospital in
Brainerd

B. C. McNamara motored to St.
Cloud on Thursday, taking several
of the Benedictine Sisters, nurses at
St. Joseph's hospital, to the annual
convention of the North Dakota and
Minnesota Catholic Hospital Asso-
ciation, held at St. Benedict's Acad-
emy, St. Joseph.

Father C. B. Moulmier, S. J.,
president of the National Catholic
Hospital Association, accompanied
Mr. McNamara on the return trip to
Brainerd, where he made an inspec-
tion of St. Joseph's hospital and con-
ferred with the hospital staff.

He went on to Duluth on Thurs-
day afternoon, where he held a con-
ference with the staff of St. Mary's
hospital, and was honor guest at a
banquet in the evening, held by the
doctors at the Kitchi Gammi club.

Father Moulmier expressed him-
self as being well pleased with his
inspection of the local hospital and
with the excellent results that are
being accomplished there.

"The Golden Bed" New De Mille Film.
"The Golden Bed," the second big
Famous Forty-Paramount production
by Cecil B. De Mille, the man who
made "The Ten Commandments,"
will be shown at the New Park last
time tonight.

The picture is an adaptation by
Jeanie Macpherson, based on the
novel by Wallace Irwin which was
published serially in Pictorial Re-
view under the title "Tomorrow's
Bread."

Hedstrom's Orchestra at New Park
Sunday Night

The New Park will present Hed-
strom's Orchestra on Sunday night
with the special picture, "The Top
of the World," starring Anna Q. Nil-
son and James Kirkwood all for reg-
ular prices.

Another Curwood Story for Screen
"The Hunted Woman," the Wil-
liam Fox picturization of James
Oliver Curwood's celebrated novel of
the North country, is the attraction
at the Lyceum last time tonight.

Seena Owen and Earl Schenck
have the leading roles in this produc-
tion with Diana Miller and Cyril
Chadwick cast as "heavies." Fran-
cis McDonald, Edward Piel and Vic-
tor MacLaglen have important roles.

Buck Jones Likes His Broncos Tough
"Ride 'em, cowboy," the punchers
yelled.

"Let 'er buck," retorted Buck
Jones, William Fox star as the at-
tendants lifted the blind from the
horse's head. Buck started wildly

off, astride a pitching, plunging
bronco.

For one whole day the star ener-
getically rode bucking horses in
scenes of "The Trail Rider," which
will be shown at the Lyceum The-
atre on Saturday.

Buster Keaton in Danger of Dying
Seven Times

Buster Keaton takes seven chances
on his life in "Seven Chances," his
latest Metro-Goldwyn comedy, which
is coming to the Lyceum Theatre on
Sunday and Monday.

His partners in business want to
kill him, hatchet-faced females wish
to lead him to the marriage altar,
his girl goes running for him, cred-
itors assemble for his execution, his
future father-in-law tries to assassi-
nate him, Wall Street brokers plan his
demise, and 777 girls, who answer
his matrimonial advertisement, are
about to tear him to pieces when he
refuses to make good.

Distress After Eating

Such as gasiness, bloating, belching,
sour risings, heartburn and heaviness
due to indigestion.

ANEOLA ROOT

Sweetens the stomach, takes up the
sour accumulations, stimulates prop-
er secretions, gives the stomach a
tone, and removes gas from food that
presses on the heart. If food does
not digest, it turns into poisons
which form gas. Aneola Root re-
moves foul decaying matter you nev-
er thought was in your system. It
restores the functions of the stomach
and removes the nervous feeling. An
excellent guard against appendicitis.

BRAINERD BAND TO HEAD THE ELKS

Parade Scheduled at 7 O'clock This Evening, Headed by the Municipal Organization

R. W. HILLER IS DIRECTOR

Andy Anderson is Business Manager, Proffer of Band Gladly Accepted by the Elks

Tonight there is to be another parade in the interests of the Elks Kermess. Many from the Rance towns of Crosby, Ironton, Deerwood, Trommald, Cuyuna, are expected. The parade of local and out of town Elks and the Mexican Senoritas too, if it's not too cold, will be led by the Brainerd Municipal band. All taking part will meet promptly at 7 o'clock this evening at the Elks Kermess doors.

It is expected to have some red fire on hand and give the marchers and the band a Kermess setting pleasing to all beholders. R. W. Hiller, of the Lyceum theatre, is the able director of the Brainerd Municipal band and Andy Anderson is the efficient business manager. It is due to these musicians and the cooperation of all their brother musicians, that the Elks Kermess is able to feature such an attraction in the parade.

After a short march through the business district, the parade will disband at the Kermess doors. For Saturday night, closing night of the Kermess, a large Minneapolis delegation will be present and the parade that night will be headed by the Brainerd Ladies band in their first appearance as a marching organization.

Make it a point to be down town early tonight and tomorrow night. Both parades will be well worth seeing.

KAPPA DELPHIANS

Chapter Discussed "Early Rome" at the Home of Mrs. R. Strader

(Contributed)

The Kappa Delphian chapter met with Mrs. R. Strader last Tuesday evening to discuss "Early Rome."

In the absence of the appointed leader, the president, Miss Scott, invited Mrs. Strader to take the chair, to which she responded in true Delphian manner and at the same time demonstrated her careful preparation of the subject matter under discussion.

The research material furnished by the Delphian society contains the recent findings of archaeologists and thus the study of ancient history is ever new rather than "review".

The members giving the text reports of early Rome agreed that this particular study was quite difficult because of new material introduced.

The historic period to be discussed at the next meeting covers history from the beginning of the Punic wars to Rome's downfall. This is more familiar ground and the proper names not so difficult to recall.

Mrs. A. K. Cohen will be the leader April 28. The following assignments will cover the text material.

The Punic Wars—Mrs. Gaskill. Roman Conquests in the East—Mrs. Lammon.

Results of Conquest—Mrs. McKay. The Careers of the Gracchi—Mrs. Murphy.

Marius and Sulla—Mrs. Moulster. Julius Caesar's Military Successes

Gentlemen:

On Monday March 23, I sent you one dollar for which you was to send me one bottle of Skaugs Stomach Remedy, and I received the bottle yesterday, but it was all smashed and all the medicine had run out.

I saw the post master at Osakis about it today, and he said that I should write to you people, as he said it had not been properly wrapped, and the post master at Brainerd should not have accepted same.

Now I am a poor man and I do not like to pay for that bottle twice, but I need the medicine very bad so please send me another bottle.

It is the only medicine that has helped me, I have suffered with stomach trouble for a number of years.

You may use this letter that I am writing you, as your medicine sure have done wonders for me, I have also told other_s about it, and I will continue to do so.

I remain,

Yours very truly,

FOUR BIG ACTS VAUDEVILLE

At New Park Saturday With Feature Picture, "The Spider And The Rose"

The New Park will present four big vaudeville acts and the feature picture "The Spider and the Rose" with Robert McKin, Alice Lake, Louise Frezenda and Noah Beery on Saturday matinee and night. A short description of acts to be presented are as follows:

The Czigan Troupe "A Character Dance Presentation From Roman Land." The Czigan Troupe is a cathorlie of high class melody and dance. It is a flashy revue with beautiful costumes and scenery. The ersichorean numbers are little short of being marvelous. It is an act that will prove highly entertaining and will please the most fastidious.

Sam Milton & Marvel Graham in "Turn to the Left." Milton and Graham are an ideal vaudeville act. In presenting their comedy offering "Turn to the Left" they've presented something new and novel that is bound to create a great deal of amusement. Their dialogue is full of laughs and hits solidly in scoring with the audience.

Kelly and Wise in "Back Fire." "Back Fire" in which a broken-down automobile furnishes material for much argument between Kelly and Wise, is a cute little act that the audience will enjoy immensely. The girl of this happy duo is a graceful, clever, little comedienne while her male partner acts as her foil.

Mons Herbert in "The Musical Waiter." Mons Herbert "The Musical Waiter" presents for the first time in American vaudeville, his musical novelty act. Mons Herbert's offering is away from the beaten path of musical acts and is most unique in nature. His act is bound to entertain any audience.

SISTERS ATTEND ST. CLOUD MEETING

Local Benedictine Sisters Attend North Dakota and Minnesota Catholic Hospital Association

AT ACADEMY AT ST JOSEPH

Father Moulmier S. J. Inspects St. Joseph's Hospital in Brainerd

B. C. McNamara motored to St. Cloud on Thursday, taking several of the Benedictine Sisters, nurses at St. Joseph's hospital, to the annual convention of the North Dakota and Minnesota Catholic Hospital Association, held at St. Benedict's Academy, St. Joseph.

Father C. B. Moulmier, S. J., president of the National Catholic Hospital Association, accompanied Mr. McNamara on the return trip to Brainerd, where he made an inspection of St. Joseph's hospital and conferred with the hospital staff.

He went on to Duluth on Thursday afternoon, where he held a conference with the staff of St. Mary's hospital, and was honor guest at a banquet in the evening, held by the doctors at the Kitchi Gammi club.

Father Moulmier expressed himself as being well pleased with his inspection of the local hospital and with the excellent results that are being accomplished there.

"The Golden Bed" New De Mille Film "The Golden Bed," the second big Famous Forty-Paramount production by Cecil B. De Mille, the man who made "The Ten Commandments," will be shown at the New Park last time tonight.

The picture is an adaptation by Jeanie Macpherson, based on the novel by Wallace Irwin which was published serially in Pictorial Review under the title "Tomorrow's Bread."

Hedstrom's Orchestra at New Park Sunday Night

The New Park will present Hedstrom's Orchestra on Sunday night with the special picture, "The Top of the World," starring Anna Q. Nilsson and James Kirkwood all for regular prices.

Another Curwood Story for Screen "The Hunted Woman," the William Fox picturization of James Oliver Curwood's celebrated novel of the North country, is the attraction at the Lyceum last time tonight.

Seena Owen and Earl Schenck have the leading roles in this production with Diana Miller and Cyril Chadwick cast as "heavies." Francis McDonald, Edward Piel and Victor MacLaglen have important roles.

Buck Jones Likes His Broncos Tough "Ride 'em, cowboy," the punchers yelled.

"Let 'er buck," retorted Buck Jones, William Fox star as the attendants lifted the blind from the horse's head. Buck started wildly

off, astride a pitching, plunging bronco.

For one whole day the star energetically rode bucking horses in scenes of "The Trail Rider," which will be shown at the Lyceum Theatre on Saturday.

Buster Keaton in Danger of Dying Seven Times

Buster Keaton takes seven chances on his life in "Seven Chances," his latest Metro-Goldwyn comedy, which is coming to the Lyceum Theatre on Sunday and Monday.

His partners in business want to kill him, hatchet-faced females wish to lead him to the marriage altar, his girl goes running for him, creditors assemble for his execution, his future father-in-law tries to assassinate him, Wall Street brokers plan his demise, and 777 girls, who answer his matrimonial advertisement, are about to tear him to pieces when he refuses to make good.

Distress After Eating

Such as gassiness, bloating, belching, sour risings, heartburn and heaviness due to indigestion.

ANEOLA ROOT

Sweetens the stomach, takes up the sour accumulations, stimulates proper secretions, gives the stomach a tone, and removes gas from food that presses on the heart. If food does not digest, it turns into poisons which form gas. Aneola Root removes foul decaying matter you never thought was in your system. It restores the functions of the stomach and removes the nervous feeling. An excellent guard against appendicitis. For sale by Johnson's Pharmacy and Economy Drug Co.—Advt.

Water & Light Board Asks For Bids
For Constructing New Ornamental
Street Lighting System

POSTS CARRY ONLY 1 GLOBE

Will Place Light Where is Needed
And Not Diffuse it with
Great Waste

Bids are being advertised by the Brainerd Water and Light Board for the construction of a new ornamental street lighting system for the city, which when completed will enable the board to light the streets much more efficiently and at much less expense than with the present method.

The plans call for a complete remodeling of the lighting system, the placing of new ornamental light posts, which will be much more economical in maintenance than those now in use, throughout the downtown district, and the remodeling of the old posts for use on the principal streets leading to Northeast and Southeast Brainerd.

The new light posts will carry only one globe, instead of the five that are now installed, but will give a better light and will place that light just where it is most needed, instead of diffusing it with great waste as is now being done.

The business streets to be equipped with these new posts include Front street, from Fourth to Broadway, Laurel from the Mississippi river bridge to Broadway, Sixth, Seventh and Broadway from Kingwood to Oak street. In the case of North Sixth street, the posts will be set along the curbs in the first block north of the track, instead of in the center of the boulevard as they now are, and new posts will take the place of the old ones in the block north of Kingwood on Sixth street to Gregory park, being set in the center of the boulevard.

Lighting posts will be set along Kingwood street east across the hill, along A street to Third avenue, and out that street to H street, or Ash avenue.

On Oak street posts will be set from Sixth to Southeast Brainerd, probably as far as Thirteenth street this year. Ultimately the system will be continued down South Sixth street to Willow street.

There are 88 old lighting posts in the business district, carrying five globes each. The tops of these posts will be taken off and new ones, carrying only one globe will be substituted and the remodeled posts used in carrying the system to Northeast and Southeast Brainerd. Approximately 127 posts carrying a large light for the business section, and about 75 carrying a smaller light for the residence section on the streets named above, will be used in addition to the 88 old ones.

Emphasis is laid on the fact that under the new system of lighting there will be a big reduction in maintenance costs. The five-globe posts now in use are a continual bill of expense. Being of an old style not now in general use, it costs a great deal to get repairs when needed, and to keep supplied with light bulbs and globes. With only one globe on the posts, this cost is reduced four-fifths. And it will be possible to give more and better light from the new system than is given now with the present method.

While arrangements are being made to greatly improve the system, it should be born in mind that it is being done without unusual or radically expensive changes and that while the lights will be materially bettered and the streets beautified, nothing extravagant is planned. Every improvement will be of the most practical nature.

Under the present method of lighting, only a few blocks are well lighted, and this is being done with an old, extravagant system, expensive in maintenance and it has reached the point that the allowance made to the board for their maintenance barely covers this cost. The new system will effect such a saving according to the board officials that the cost can be kept well within the allowance made by the charter, which governs entirely the street lighting system.

The 88 light posts now in use are controlled by 17 switches which must be turned on in the evening and off in the morning. The policemen must be depended upon to turn these switches, which are not centrally located or conveniently arranged. Under the new system there will be but two switches, controlled by the water and light board, and turned on and off with an automatic clock arrangement.

It is planned to have all of the

lights in the business section of the city turned on during the early evening hours, probably until ten o'clock, and then alternate lights on each side of the street will be turned out, effecting a big saving in current and still giving sufficient light for the remainder of the night.

The point that will make a strong appeal to the public is the fact that all of this change will be made, and a new and more complete lighting system given to the city without an increase in taxation or current rates, and without a bond issue. The expense will be born entirely by the water and light board, and will be paid for out of the earnings of the department.

The bids will be opened on May 5th, and the specifications are such that a wide latitude is offered both manufacturers and contractors in submitting their bids. It is expected that materials and installation will be acquired and completed at a very favorable cost. Under favorable conditions the actual work of changing the system will begin about June 1st, and will be pushed to completion as rapidly as possible.

MRS. A. M. PEDERSON HAS PASSED AWAY

Long a Resident of Oak Lawn Township, Succumbed to Heart Trouble

LEAVES HUSBAND, 4 CHILDREN
Funeral Services From Farm Home
and From Norwegian-Danish
Lutheran Church

Mrs. Andrew M. Pederson, of Oak Lawn township, and a resident of this county for many years, passed away at her home about 5:45 o'clock Thursday afternoon, after a month's illness, death being caused by heart trouble.

Maren Torgerson was born in Nordre Land, Norway, December 9th, 1855, where she grew to womanhood. She came to America in 1888, coming directly to Brainerd, and was married in September of that year to Mr. Pederson.

Four children were born to this union, Maurice, of Golden Valley, N. D., Paulus, of Dodge, N. D., Bertie living in Long Lake township, and Mrs. Wallace McCullough, residing in Brainerd. In addition to her children she is survived by her husband, nine grandchildren and three sisters in Norway, being Mrs. Johan Jacobson, Mrs. Marie Jacobsen and Mrs. Ole Rosenberg.

The family lived in Brainerd until 1898, when they moved to their present farm home six miles east of the city.

Mrs. Pederson was a woman of fine character, loved by all who were privileged to know her. She will be sorely missed by her family and a large circle of friends. She was a charter member of the Norwegian-Danish Lutheran church of Brainerd, was treasurer of the ladies aid of this church as long as she lived in the city, and since moving to the country has been president of the ladies aid of the Vaale Lutheran church.

The funeral will be conducted from the farm home on Monday afternoon at 1:30 o'clock and from the Norwegian-Danish Lutheran church at 2:30 o'clock. Rev. O. L. Bolstad officiating. Interment will be made in Evergreen cemetery.

The sorrowing family has the sincere sympathy of the community in its bereavement.

FINE BOXERS IN ARMY AND NAVY

By HENRY L. FARRELL
(United Press Sports Editor)

New York, May 17.—Some of these days the United States army may start a recruiting slogan—"Join the army and win a championship." There are two out and out products of the service now holding boxing titles and there are several others among the first-class fighters.

Gene Tunney, the American light heavyweight champion, is the most conspicuous graduate of the military boxing school. Tunney was a bookkeeper when he enlisted early in the war and he had never used a boxing glove until he put on the uniform. He admits that he took up boxing because he hated that part of the compulsory athletic training less than the other forms of exercise that were prescribed to build up the body.

Tunney found he had some natural talent and the physical equipment and he successfully became company, regimental, brigade and division champion and then won the light heavyweight championship of the A. E. F.

Bob Martin was the most advertised of the army fighters. He never held a world's championship or an American title as they are generally accepted, but he might have if he had taken the proper care of himself. Like Tunney, Martin learned to box in the service and he became the heavyweight champion of the Allied armies, a title that might have been a world's championship if so many of the real professional fighters had not found reasons to stay out of the service.

Mike Ballerino, who learned to box with the army in the Philippines, won the junior lightweight championship recently from Kid Sullivan. The junior lightweight championship may be regarded as a trick title, but it signifies at least that the holder is the best 130-pound fighter in the country.

Bobby Garcia, a featherweight from Camp Holabird, is another good product of the army fighting school. He is one of the best fighters in the division and was one of those selected by the New York Boxing Commission to compete in the tournament that was organized to find a champion when Johnny Dundee resigned.

Eddie Burnbrook, a welterweight from the same camp, was one of the best prospects in the class several years ago, but very little has been heard from him lately.

Midget Smith, another army product, was one of the best bantamweights in the country several years ago. He had a couple of fights with Joe Lynch that the fans are still talking about. If he had taken the proper care of himself, he might have won the championship because there is practically no class in the division now, as was shown when the title changed hands four times in one year.

The Navy is also coming to the front in the production of fine boxers. The sport is exceptionally well organized in the navy and it is given the greatest encouragement from the department and the high ranking line officers.

BASEBALL GAME

AT CROSBY HIGH

LOCAL TEAM OFFICIALLY OPENS
H. S. SERIES SATURDAY
AFTERNOON

Braingerd high school officially opens the baseball season when the team journeys to Crosby for the first game Saturday afternoon, April 18.

The boys have been practicing hard the last two weeks, and they are expecting to give Crosby a good game. Out of the small number of candidates reporting Coach Krueger has developed a good squad, fully primed for the first game of the season. The team is handicapped to some extent through the loss of Whitlock temporarily, due to ineligibility.

It is hoped that the team will be accompanied by a goodly number of fans, because it is a known fact that if a team wins the first game, the chances of winning the remainder are considerably brightened.

Following is the lineup which probably will be used at Crosby: Larson, catcher; Engbretson, pitcher; Lyddon, first base; Hanson, second base; Rosenberg, shortstop; A. Swanson, third base; C. Orth, left field; J. Pihlstrom, center field, R. Marshall, right field.

ZBYSZKO REGAINS
HEAVYWEIGHT MAT
TITLE WITH EASEVETERAN OF 30 YEARS' GRAP-
PLING THROWS MUNN IN
STRAIGHT FALLSDEFEATED MAN IS ILL, CLAIM-
ED, AND LISTLESS IN
ACTION

New York, April 17.—Wayne Munn's defeat by Stanislaus Zbyszko just goes to prove that I was right when I said that Munn was not a real champion and not even a good wrestler," Jack Curley, New York promoter, said today.

"Zbyszko knows a lot about wrestling and I predicted the first time he met any second or third class man who knew something about the game the man would not last a half hour.

Philadelphia, April 17.—Refusal to lay defeat to illness, and lack of condition was today the sole comment of Wayne (Big) Munn, deposed heavyweight wrestling champion, who lost his title to Stanislaus Zbyszko at the Arena here.

In an upset unlooked for by followers of the mat game, youth bowed to years and experience and the 58-year-old Pole, veteran of 30 years of mat battles, overcame his 29-year-

old opponent in straight falls, the first in 8 minutes and 11 seconds and the second in 4 minutes 53 seconds. The first fall, result of a forearm hold and a headlock, the second fall a forearm and hammerlock.

"What can I say?" said Munn, who held the heavyweight crown for three months. "If I ascribe defeat to illness it will appear I am trying to alibi myself. That I refuse to do. The match was put on and those who came to see it were not disappointed by a postponement."

Reports of the Nebraska giant's illness circulated through the arena when Munn ran to his dressing room following the first fall were confirmed by Dr. Baron, club physician, following the match. He confirmed assertions of Munn's backers that he entered the match suffering from an attack of acute tonsillitis and a high fever.

His reported condition was born out by his apparent listlessness and lack of speed in the contest. Zbyszko outguessed and outgeneraled Munn, who is almost twice the Pole's size, throughout the match.

Zbyszko, as much surprised as anyone at the ease with which the wrestling crown returned to his shaven head, conceded condition as a large factor in the result. "My condition was perfect," he said. "His appeared weak. I knew I had him from the start."—St. Paul Daily News.

RITOLA AND
PLANT HANG UP
NEW RECORDSRITOLA CLIPS 6 SECONDS OFF 5-
000 METER RUN AT ST. PAUL
LAST NIGHTPLANT WALKS 2,500 METERS IN
10 MINUTES, 37
SECONDS

(By United Press)
St. Paul, April 17.—Willie Ritola and Willie Plant hung up two new world's records at the opening of the two days all star meet at the Hippodrome last night.

Ritola clipped six seconds off the 5,000 meter run, doing it in 13 minutes and 38 seconds. Paavo Nurmi held the old record.

Plant walked 2,500 meters in 10 minutes, 37 seconds. He clipped 10 seconds off the record formerly held by Ugo Frigerio, his Italian rival and Olympic star.

Willie Ritola's time of 13:38 for 5,000 meters last night is now being questioned. Seven watchers agreed, but it is suspected the lap checkers missed a lap. A. A. U. officials are probing the time. Ritola's previous record was 14:23 1-5 for 5,000 meters which was a world's record.

ZBYSZKO REGAINS
HEAVYWEIGHT MAT
TITLE WITH EASEVETERAN OF 30 YEARS' GRAP-
PLING THROWS MUNN IN
STRAIGHT FALLSDEFEATED MAN IS ILL, CLAIM-
ED, AND LISTLESS IN
ACTION

New York, April 17.—"Wayne Munn's defeat by Stanislaus Zbyszko just goes to prove that I was right when I said that Munn was not a real champion and not even a good wrestler," Jack Curley, New York promoter, said today.

"Zbyszko knows a lot about wrestling and I predicted the first time he met any second or third class man who knew something about the game the man would not last a half hour."

Philadelphia, April 17.—Refusal to lay defeat to illness and lack of condition was today the sole comment of Wayne (Big) Munn, deposed heavyweight wrestling champion, who lost his title to Stanislaus Zbyszko at the Arena here.

In an upset unlooked for by followers of the mat game, youth bowed to years and experience and the 58-year-old Pole, veteran of 30 years of mat battles, overcame his 29-year-

old opponent in straight falls, the first in 8 minutes and 11 seconds and the second in 4 minutes 53 seconds. The first fall, result of a forearm hold and a headlock, the second fall a forearm and hammerlock.

"What can I say?" said Munn, who held the heavyweight crown for three months. "If I ascribe defeat to illness it will appear I am trying to alibi myself. That I refuse to do. The match was put on and those who came to see it were not disappointed by a postponement."

Reports of the Nebraska giant's illness circulated through the arena when Munn ran to his dressing room following the first fall were confirmed by Dr. Baron, club physician, following the match. He confirmed assertions of Munn's backers that he entered the match suffering from an attack of acute tonsillitis and a high fever.

His reported condition was born out by his apparent listlessness and lack of speed in the contest. Zbyszko outgassed and outgeneraled Munn, who is almost twice the Pole's size, throughout the match.

Zbyszko, as much surprised as anyone at the ease with which the wrestling crown returned to his shaven head, conceded condition as a large factor in the result. "My condition was perfect," he said. "His appeared weak. I knew I had him from the start."—St. Paul Daily News.

RITOLA AND
PLANT HANG UP
NEW RECORDSRITOLA CLIPS 6 SECONDS OFF 5-
000 METER RUN AT ST. PAUL
LAST NIGHTPLANT WALKS 2,500 METERS IN
10 MINUTES, 37
SECONDS

(By United Press)
St. Paul, April 17.—Willie Ritola and Willie Plant hung up two new world's records at the opening of the two days all star meet at the Hippodrome last night.

Ritola clipped six seconds off the 5,000 meter run, doing it in 13 minutes and 38 seconds. Paavo Nurmi held the old record.

Plant walked 2,500 meters in 10 minutes, 37 seconds. He clipped the 10 seconds off the record formerly held by Ugo Frigerio, his Italian rival and Olympic star.

Willie Ritola's time of 13:38 for 5,000 meters last night is now being questioned. Seven watchers agreed, but it is suspected the lap checkers missed a lap. A. A. U. officials are probing the time. Ritola's previous record was 14:23 1-5 for 5,000 meters which was a world's record.

Nurse Saves 2 People
From Operation

"I had two patients that the doctors seemed unable to reach with their medicines and in both cases advised the knife. A friend who had tried Mayr's Wonderful Remedy for stomach trouble proposed that I recommend it to my patients, which I did. Both are now entirely well. I am very glad that I was able to recommend it." It removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at Johnson's Pharmacy, Economy Drug Co. and druggists everywhere.—Advt.
